PERSONAL PROFILE

I am a highly motivated and results-oriented computer science graduate with a strong foundation in various fields of computer science, including networking, cybersecurity, software development, and data science. I possess a strong work ethic, a keen interest in learning new technologies, and a passion for solving complex problems through innovative and effective solutions. I am eager to contribute my skills and knowledge to a challenging and rewarding role in the technology industry.

EDUCATION

2020 To 2024: DEDAN KIMATHI UNIVERSITY

- Bachelor of Science in Computer Science
- Graduated: December 2024

2016---2019: NAIROBI SCHOOL

- Achieved grade is B+

2008—2015: STAR SHEIKH PRIMARY ACADEMY

- Achieved 424 marks

SKILLS

- Programming languages – python, HTML, CSS, JAVA
- Software and Hardware troubleshooting
- Firewall and security management
- Familiar with the Microsoft office space
- Teamwork and communication skills
- Creative and critical thinking

Projects

- **E-Commerce app**- allows users to shop online, browse product catalogues, create wish lists, add items to a cart, and complete purchases. I used MySQL with Spring Framework for backend and java for Android development.

- **Lunar Eclipse**-The Lunar Explorer 👾 👩 🛸 is an educational game that teaches 👩 🏫 players about moon phases through interactive puzzles

Experience

- Housing Finance Bank (May to Sep 2023) – Intern

  -Leveraged strong technical skills and problem-solving abilities to assist the HFC Bank's IT department in various tasks. Gained valuable experience in a fast-paced financial services environment, contributing to maintaining and improving the bank's technological infrastructure.

  Key Responsibilities and Achievements

- Assisted IT staff with troubleshooting and resolving user-reported technical issues (hardware and software).

- Provided technical support to bank employees, responding to inquiries and offering solutions via phone and email.

- Contributed to software deployment and configuration processes, ensuring smooth system rollouts.

- Performed data analysis and reporting tasks to identify potential IT issues and areas for improvement.

CERTIFICATES

- Certificate in introduction to cybersecurity, Dedan Kimathi university, 10 Jan 2023
- Badge in Introduction to Data Science
